Lightning is not distributed evenly around the planet, as shown in the map. About 70% of lightning occurs over land in the tropics where atmospheric convection is the greatest. This occurs from both the mixture of warmer and colder air masses, as well as differences in moisture concentrations, and it generally happens at the boundaries between them. ...

Shaky camera, shaky cam, jerky camera, queasy cam, run-and-gun or free camera is a cinematographic technique where stable-image techniques are purposely dispensed with. It is a hand-held camera, or given the appearance of being hand-held, and in many cases shots are limited to what one photographer could have accomplished with one camera. Shaky cam is often employed to give a film sequence an ...
